

MEMBER SURVEY 2019

The Executive and Board of Directors of the Rose City Curling Club are requesting your input for future program and facility planning. We acknowledge that the club has had a decline in membership in recent years and we recognize the time has come to think outside the box to explore new ideas and programs that might help stimulate or renew interest in our club. The survey takes 5 to 10 minutes to complete. Please leave all completed surveys in the box marked SURVEYS located upstairs at the bar. You may also complete the survey online through this link – camrosecurling.com/member-survey-2019/

The Rose City Curling Club depends on its volunteers to help host events and perform various other club duties throughout the curling season. When you volunteered this past year, what did you like or dislike about your volunteer experience? If you were not able to volunteer, what can we do that would help to encourage you to volunteer in the future?

Do you have any additional comments or thoughts you would like to share with us?

The Rose City Curling Club's Executive and Board of Directors appreciate your feedback and will take all information into consideration when program planning for future years.
